Edited by 11JQJ & IK1ADH  
Direttore Responsabile I2VGW

- 4J - 4J0WFF will be active on 40-10 metres CW, SSB and PSK-31 from National Reserve Yanar Dag, Azerbaijan starting on 20 March for "no less than three days", depending on local conditions. QSL direct to 4J5T. [TNX 4J5T]
- 4S - Alex, UX4UL has been active as 4S7ULG from near Colombo, Sri Lanka (AS-003) since 10 March and will remain there until 7 April. He operates BPSK, RTTY, CW on 20-10 metres. QSL via UY5ZZ. [TNX UY5ZZ]
- 9Q - Anton, ON6NL and Henk, ON4AHF are currently in the Democratic Republic of Congo working with Medecins Sans Frontieres. They expect to stay a further ten days and to operate CW and SSB as 9Q0AR/6 (from the South Kivu region) and 9Q0HQ. These are club callsigns, and the QSL route for this activity is via ON6NL for both. [TNX dx-world.net]
- DL - DB5BZ, DF9TM, DJ4RU, DK7LV, DL1BGC, DL2SWW, DL2VFR and DL4BBH will be active as DA0GLH and DF0WFF from Neuwerk Island (EU-127) and the Hamburg Wadden Sea National Park ([www.wff-dl.de](http://www.wff-dl.de)) on 19-21 March. They will operate SSB, CW and PSK on the HF bands, as well on 2m/70cm FM, from the lighthouse's 700-year-old building. QSL via the DARC bureau for both calls. Direct requestes should go to DL2VFR. [TNX DL2VFR]
- FM - Dim, UT5UGR will be active as FM/KL7WA from Martinique (NA-107) on 19-29 March, including entries in the Russian DX Contest and the CQ WW WPX SSB Contest (as TO7A). QSL for both callsigns via UT5UGR. [TNX UT5UGR]
- GI - Once again the the Foyle & District ARC will be active as GB5SPD on 15-17 March to celebrate St. Patrick's Day. QSL via MN0AKU, direct or bureau.
- GM - MM0DGR/p will be working from Kirkconnell Flow National Nature Reserve on 13 March. Look for activity on 160-10 metres BPSK31, BPSK63, CW and SSB. QSL via MM0DFV. Further information is available at [www.gmff.org](http://www.gmff.org) [TNX MM0DFV]
- HR - Andrei, NP3D will be active as HR2/NP3D from Honduras on 19-29 March. He will operate on all bands and modes, with a focus on 160 metres, and will participate in the Russian DX, BARTG Spring RTTY and CQ WW WPX SSB contests as HQ2T. QSL via W3HNC or RW6HS, and LoTW. [TNX NG3K]
- I - Special station IR1C will be active from 15 March to 31 December in conjunction with a solidarity project in the Central African Republic. QSL via IK1APO. Further information at [www.irlc.com](http://www.irlc.com)
- OA - Daniel, DL5YWM will in Peru between 20 March and 15 May. He plans to operate in his free time as OA4/DL5YWM from Lima; side trips to different call areas are possibile, as well a "last minute" operation from an island. [TNX dx-world.net]
- OH - Members of the The University of Oulu Radio Club (OH8TA) will be

- active as OH8T from Hailuoto Island (EU-184) on 12-14 March. They will be QRV mostly on the HF bands with 100 watts and wire antennas. QSL via OH8TA, direct or bureau. [TNX rsgbiota.org]
- PJ6 - Southeastern DX Club's and K5D team's members Bob (K4UEE), Gregg (W6IZT) and George (N4GRN) will be active as PJ6/homecall from the island of Saba (NA-145) on 11-15 March. Their purpose is to "finalize plans and begin building a station for the anticipated political realignment in the Netherlands Antilles later this year". QSL via home calls. [TNX K4UEE]
- T32 - Nils, SM6CAS has had to withdraw from the IOTA DXpedition to the Southern Line Islands [425DXN 982], due to his wife's health. "Nils is very keen for this DXpedition to go ahead even though he cannot join us", the other four operators say. He "has been planning this for several years and he is the major financier of the project", and will still be the QSL manager for all callsigns (T32MI, T32CI, T32SI and T32VI).  
Announced frequencies are 28040, 24920, 21040, 18098, 14040, 10103, 7030 and 3530 kHz (CW); 28460/28495, 24950, 21260, 18128, 14260/14195, 7078 and 3795 kHz (SSB). 9M6DXX will operate SSB only, while the other members (G3KHZ, G4EDG, K9AJ) are primarily CW operators. They will "have up to four stations operating simultaneously", 9M6DXX says, "but since there are only four of us this is likely to be only at peak times. We hope to run two stations most of the time and at least one will be on CW. Three of the stations will be 100W, and one station will have an Acom 1010 amplifier. This will normally be used on SSB but may also be used on CW if no-one is on SSB. All antennas will be verticals situated close to the ocean". They do not know in which order they will be visiting the islands, as that "will be decided by the captain and based on the weather and sea conditions". However, they hope to be able to update the website (t32line.webnode.com) with the precise dates of operation as they approach each island in turn.
- TA - The TC Special Wireless Activity Team (www.tcsawat.org) will be active as TC18M on 16-18 March to commemorate the 95th anniversary of the naval battle of 18 March 1915 during the Dardanelles Campaign. TA3AX will operate mainly CW, while TA1HZ might be using BPSK31 and SSB. QSL via TA1HZ. [TNX TA1HZ]
- TG - Roberto, IV3IYH will be active as TG9IRP from Guatemala from 20 March to 1 April, including an entry in the CQ WPX SSB Contest. He will operate SSB, CW and RTTY on 80-10 metres. QSL via IK2ILH, direct or bureau (e-mail requests for bureau cards can be sent to ik2ilh@libero.it), or LoTW. [TNX IV3IYH]
- VE - John, VE8EV will be active as CK8G from Greens Island (NA-182) on 15-20 April. Activated only once back in 1993, this IOTA group has been claimed by only 5.3% of current IOTA participants. "While a summer operation would be far easier, more comfortable, and (probably) cheaper", John says, "I wanted to go in April to take advantage of the better spring time propagation". He expects "around-the-clock propagation on 20m so I will concentrate on Europe during their sunrise and sunset, North America during their sunset, and Asia right after their sunrise". He will operate SSB only using a 3-element yagi antenna and an amplifier. QSL via VE8EV, direct or bureau. Updates and further information,

including details on how contribute to this expensive operation,  
can be found at [ve8ev.blogspot.com/search/label/IOTA](http://ve8ev.blogspot.com/search/label/IOTA) [TNX VE8EV]

PACIFIC ODISSEY ---> Sergey, UX0HX and five other operators (namely RK3FA, UR3HR, US7UX, UT1HF and UT5UY) will be active from Samoa, Central Kiribati and Tokelau as follows:

18-19 May	5W00X	Samoa (OC-097)
22 May-1 June	T31X and T31UR	Central Kiribati (OC-043)
2-6 June	ZK3X	Tokelau (OC-048)

They will operate CW, SSB and digital modes on 160-10 metres. QSL for all Callsigns via UR3HR, direct or bureau. More information, including details on how contribute to the expedition, at [www.uz1hz.com/pacificodyssey.html](http://www.uz1hz.com/pacificodyssey.html) [TNX UT5UY]

425 DX NEWS MAGAZINE ---> The latest issue (February 2010) is now available at [www.425dxn.org/monthly/index.html](http://www.425dxn.org/monthly/index.html). Articles and pictures should be sent to Nicola Baldresca, IZ3EBA ([iz3eba@iz3eba.it](mailto:iz3eba@iz3eba.it))

EA9IE ---> A few days ago Juan, EA9IE reached the 250,000th QSO mark and on 11 March he uploaded his full log to LoTW. "QSLling from my side does not change", he says. Cards can still be sent direct or through the bureau system. His on-line log search is at <http://dx.qsl.net/> [TNX EA9IE]

OPERATION CANCELLED (T31) ---> It is with great regret that David/K3LP (Co-Leader) and Hrane/YT1AD (Leader) must inform the DX Community that after 16 months of planning, their DXpedition to Canton Island ([www.yt1ad.info/t31/](http://www.yt1ad.info/t31/)), slated for 11 days in October 2010, will be cancelled. "We planned 6 stations fully equipped for HF plus two additional stations for UHF/VHF/Satellite plus 13-14 operators", they say. "Our goal was to make 100,000 plus QSOs much like our N8S, Swains Island DXpedition in 2006. This decision is based on the announcement by the T31X team planned for June 2010. Unfortunately, it is cheaper to send a smaller crew with three radios and two amplifiers. In light of this recent announcement, the total cost of the trip versus the uniqueness will evaporate prior to our arrival. For this reason, we will pick another location for a future date. Minus some team member partial cash contributions and planned equipment sponsors, there were no cash donations made that need to be refunded. We will forfeit our \$40K cash deposit on the boat and seek other places in 2011". [TNX YT3W]

OPERATIONS CANCELLED (CE0Z & ZA) ---> Harald, LA9SN has had to cancel his 16-25 March activity from Juan Fernandez because of the recent tsunami that hit the island. Also, Frank/F4DTO and Patrick/F4GFE have cancelled their 15-24 April activity from Albania - their home was flooded when the Xynthia storm devastated western France in late February. [TN Xthe Daily DX and F5NQL]

QSL VIA M00XO ---> Charles, M00XO has taken over QSLing duties for Michael, G7VJR. This covers the following expeditions G7VJR previously handled himself: CU2/G7VJR (EU-003), EI/G7VJR (EU-006), GB75UW, GD7VJR (EU-116), GJ7VJR/p (EU-013), GM7VJR (EU-008), GU7VJR (EU-114), GW7VJR, JW/G7VJR (EU-026), JX/G7VJR (EU-022), JX/SQ4MP (EU-022), OY/G7VJR (EU-018), TF/G7VJR (EU-021), VP8DMN (SA-002) and ZD8UW (AF-003). A few expeditions are not changing: YS1G is still managed by G3TXF, and GH6UW (EU-099) is still managed by M0BLF. Also, no change on K3VOA (short term guest). G7VJR's page on qrz.com sums up the correct routing for all cards. Any QSLs that are in the mail already will receive a reply, and no cards will be left unanswered. [TNX G7VJR]

RSGB COMMONWEALTH CONTEST ---> The 73rd edition of the Commonwealth (BERU) Contest ([www.beru.org.uk](http://www.beru.org.uk)) will be held on 13-14 March, from 10 UTC to 10 UTC, on 80, 40, 20, 15 and 10 metres CW. Only operators located within the Commonwealth or British Mandated Territories are eligible to enter, so please check the list at [www.rsgbcc.org/hf/information/codes.shtml](http://www.rsgbcc.org/hf/information/codes.shtml) before calling.

+ SILENT KEYS + Recently reported Silent Keys include Michel Pronier (F50DS), Sue C. Persing (K3SUE), Nikolaj I. Tranevskij (RA6AGF), Peter Linsley (SV0XBM/9), Herman M. Shelchikov (UA3GM), Kim D. Bednarcik (UA4OH), David Toth (VE3GYQ) and Daniel R. "Bob" Dorsey, Jr. (W4RQ, ex K4UVT).
